The Talbert Family Foundation

TFF programs are designed for families with short term financial needs caused by a catastrophic illness that impacts the family's financial stability. Families are accepted into the program on the condition of their willingness to conduct a fundraising campaign.

Depending on the financial situation and resources of the family and their support network, the family will be considered for a direct grant or matching funds from TFF. TFF will cover all the administrative expenses of the Foundation and approved fundraising campaigns of the TFF families.

All fundraising campaigns must be submitted to and approved by TFF prior to commencement of marketing the campaign. In most cases, 100% of the funds received from campaigns are given direct to the family for their use. Exceptions would include events that have significant expenses (e.g., a Golf Tournament), in which cases the net funds after event expenses will be given to the family. Direct donations to the campaign are given to the family, net of any transaction charges that may apply.

Fundraising campaigns will last 12 months from the date of inception, although they may be closed earlier at the request of the Sponsor or TFF. Requests for extension may be made and will be considered on a case by case basis. At the end of the campaign, all funds held by TFF will be distributed and further donations will not be accepted.
